IMPORTANT REMINDERS

- Nail varnish must be removed for school.
- No jewellery (apart from ear studs) are to be worn at school and these must be removed by the child for them to take part in PE.
- Children must have a water bottle in school every day.
- Please ensure that all of the children's items of clothing are clearly named.
- Please remember that we are a 'nut free' school.
- Please ensure you provide your child with a healthy snack for break time. Snack is not provided for children in KS2.

**Just a
reminder...**

ENGLISH

READING

The expectation with regards to reading at home is that it is done at least four times a week. Even if it is just a page, reading a menu when you are out for dinner, reading the information on cereal packets or a book. It is important to all other areas of development to have time to read and discuss books with children.

An adult will check the reading records on a daily basis, so if you have read with your child or if your child has read on their own please note this in the reading record so that we can monitor how they are progressing with their reading at home. The reading record may also be used for communication with us, please note any comments or questions you may have.

If your child has read consistently throughout the week (a minimum of four days), they will be rewarded with a Dojo and be a reading star entitling them to join in with our reading ambassadors session on a Friday afternoon whereby they can share a book with their peers in other classes. If a child has not managed to read four days within the week, they will be asked to read in their classroom.

Throughout the day, adults in the classroom will be listening to your child read. We also have whole class reading sessions timetabled throughout the week.

SPELLINGS

Spellings are taught in discrete spelling lessons at Stebbing and are followed up throughout the week in other lessons throughout the curriculum to embed specific spelling patterns in order to support the children with their spelling.

Children will be taught a new spelling rule on Monday morning. During the session they will take part in a range of activities which will be reinforced by their spelling homework. Each child will need to complete the spelling worksheet sent home whilst also completing an activity of their choosing from the activities available.

Spelling Activities:

- Alphabetical Order
- The Synonym Shed
- Spelling Shed
- Crosswords
- Spelling Search
- Scrabble
- Battleships
- Define It

These activities will need to be completed on the worksheets provided and placed into their spelling activity folder. The completed work should then be brought back to school by Friday for it to be marked. Any misconceptions or misunderstandings will then be identified and additional sessions will take place if and when required.

The children may also have the opportunity to play on the Spelling Shed app within school and can continue to do so at home. The top three children on the leaderboard by the end of each week will be celebrated within our Friday sharing assembly.

MATHS

TIMES TABLES

We will be continuing to utilise TT Rockstars this year as we have seen a marked improvement in the children's times tables knowledge and fluency which has had a very positive impact in maths lessons.

The National Curriculum states the following times tables end of year expectations:

Year 1

- Start to know the multiples of 2, 5 and 10.

Year 2

- Know and recall multiplication facts for 2, 5 and 10 times tables and the related division facts.

Year 3

- Know and recall multiplication facts for 2, 3, 4, 5, 8 and 10 times tables and the corresponding division facts.

Year 4

- Know and recall multiplication facts up to 12×12 and corresponding division facts.

Year 5

- Recall quickly multiplication facts up to 12×12 and use them to multiply pairs of multiples of 10 and 100.

Year 6

- Use knowledge of multiplication facts to derive quickly squares of numbers to 12×12 and the corresponding squares of multiples of 10.

With these objectives in mind and with the introduction of the new Multiplication Tables Check (MTC) in year 4, we would like you to support us at home by assessing TT Rockstars with your child's individual log in. Here they can practise as well as join in live festivals and compete against others. The top three children on the leaderboard by the end of each week will be celebrated within our Friday sharing assembly.

MULTIPLICATION TABLES CHECK

The purpose of the Multiplication Tables Check (MTC) is to determine whether pupils can recall their times tables fluently, which is essential for future success in mathematics. It will help schools to identify pupils who have not yet mastered their times tables, so that additional support can be provided.'

PHYSICAL EDUCATION

PE takes place on a **Wednesday** and **Thursday**, however, children are expected to have their PE kit in school at all times...

INDOOR PE KIT

School PE polo shirt
School PE shorts/skorts
Bare feet

OUTDOOR PE KIT

School PE polo shirt
School PE sports jumper
School PE shorts/skorts
Jogging bottoms (if required)
Trainers

Children are also required to wear appropriate sports wear for any sports club that they attend either before school, at lunch or after school.

PHYSICALLY ACTIVE

Physically active is a government initiative designed to encourage all children to become more active within their everyday lifestyle. As a school, we are timetabling in 15 minutes every day (where possible) for the children to take part in a form of physical activity. This could be jogging around the field, active assemblies, yoga, etc.

In KS2, each class has the opportunity for a whole day at Forest School once a term with our fully qualified Forest School leaders Mrs Honeybee and Mrs Pickford whilst accompanied by their class teacher and teaching assistants. Parents will be informed of these dates to ensure all children come to school with the appropriate attire.

In the winter, children should wear plenty of layers and waterproof clothing ensuring that they wear full length trousers/leggings and a long sleeve top. Children should also wear a waterproof coat and wellies or suitable footwear.

In the summer, children still need to ensure that they wear full length trousers/leggings and a long sleeve top as well bringing in wellies or appropriate footwear for the day. It is also sensible to bring waterproof clothing in on the day for the typical English summer days.

UNHOMework

'Unhomework' is an alternative approach to the setting of homework which was introduced a couple of years ago and has been developing within school ever since. The aim of 'unhomework' is that it enabled children to be creative, imaginative, independent and make their own decisions about what they want to work on at home which fits nicely in with our Montessori ethos that runs through the school.

By year 6, we hope to have prepared the children well enough to enable them to make their own decisions about what needs to be worked on, why it needs to be worked on and how they are going to work on it.

'Unhomework' suggestions:

- Posters, poems, plays, dances, stories, baking, presentations, construction projects, etc.

	'Unhomework' Progression
Wrens	Children have the opportunity to select an activity from the challenge cards within the class. It is up to the children if, when and how often they select challenges to take home.
Kingfishers	Children are expected to select an activity from the challenge cards within the class each week. It is up to the children how they present their unhomework. Unhomework will be shared every Friday.
Woodpeckers	Children will have the choice of several different 'unhomework' titles which they will work their way through during the year. They will have two weeks to complete their 'unhomework' in any way they choose and share with the class at the end of the two weeks. This work is expected to reflect the time frame given. If the tasks are not completed, children will be expected to attend homework club.
Kestrels	Each child is required to complete a minimum of two pieces of 'unhomework' every half term and any 'unhomework' brought in will be shared during the week that it is due in. I will always set a week beginning date so that we can stagger sharing. If the tasks are not completed, children will be expected to attend homework club.
Owls	Children are required to complete at least two 'unhomework' tasks every half-term satisfying the criteria and headings set out at the start of the year by the children themselves. Their 'unhomework' will then be shared with the class and they will then self-assess and peer-assess their work within their 'unhomework' booklet. If the tasks are not completed, children will be expected to attend homework club.

CLASS DOJO

First and foremost, Class Dojo is a behaviour reward system whereby children are rewarded with Class Dojos to reward and reinforce positive behaviour. Children work throughout the year to earn individual Dojos as well as working collaboratively to earn class or group Dojos. At the end of the week, if the class have earned their agreed amount of Dojos they can then enjoy their reward. On top of this, children can trade in their individual Dojos for additional rewards that have been chosen by the children at the start of the academic year.

At the end of the week, the child with the most Dojo points within their class will be recognised within assembly and entered onto our Class Dojo display.

Class Dojo can also be used to share children's work. Each class has their own page on top of the whole school page where notices, photos, important messages and general information can be uploaded. Children also have their own pages whereby they can select pieces of work they are particularly proud of to be uploaded and shared with their parents.

We will no longer be using the messaging function on the Class Dojo platform. Therefore, the best way to get in contact with your child's teacher is to email them directly.

The Class Dojo application can be downloaded from the Apple Store whilst also being available on android devices through the Play Store.

Working Hard

Teamwork

Good manners

Listening

Being kind

Being Helpful

Perseverance

STEPS CHALLENGE

Children will be given a STEPS challenge booklet at the start of the year (replacements can be downloaded and printed from our website) where they will be tasked with completing a range of challenges to earn their STEPS badge at the end of the year. We would really appreciate your support in encouraging your child to undertake as many of the challenges as possible.

BOOK LIST

At the start of the academic year, children will also be given a book list and a book mark. Children will be encouraged to read as many books from the book list as possible in an attempt to fill in the book mark. Children will also be given a book list and a book mark. Children will be encouraged to read as many books from the book list as possible in an attempt to complete the bookmark. On completion, the bookmark should be handed in to Miss Mawson who will then reward the child with a £5 book voucher in Friday's sharing assembly.
