CLASS TEACHER

MRS PICKERING

TEACHING ASSISTANT (MONDAY - THURSDAY)

MS HUTCHINSON

TEACHING ASSISTANT (FRIDAY)

MRS MOBSBY

1:1 TEACHING ASSISTANT

MRS WIGMORE

1:1 TEACHING ASSISTANT

IMPORTANT REMINDERS

- Nail varnish must be removed for school.
- No jewellery (apart from ear studs) are to be worn at school *however* these **must** be removed before school for the children to take part in PE. Children will not be able to participate in PE lessons if earrings are in and children are not able to remove them themselves.
- Children **must** have a water bottle (containing water, not squash) in school every day.
- Please ensure that all of the children's items of clothing are clearly named.
 - Please remember that we are a 'nut free' school.
- Children in KS1 have snacks provided for them by the government, however if you would prefer to send a snack in yourself, or your child requests it, please be mindful that we encourage food '*not* from a packet'; such as fruit, vegetables etc. as part of our Healthy School Ethos.

ENGLISH

READING

The expectation with regards to reading at home is that it is done at least four days a week. Even if it is just a page, reading a menu when you are out for dinner, reading the information on cereal packets or a book, it is important to all other areas of development to have time to read and discuss books with children.

An adult will check the reading records every day, so if you have read with your child or if your child has read on their own please note this in the reading record so that we can monitor how they are progressing with their reading at home.

If your child has read consistently throughout the week (a minimum of four days), they will be rewarded by being a Reading Star and having their name displayed on our Reading Star display board.

In Robins, while we are still developing all the skills we need for reading, we'll keep our decodable reading books for one week. This is the advised structure for using the decodable ***ELS*** (ELS is explained further on next page) books to become a Reading Star...

Day 1 (or longer depending) - decode the words in the book

Day 2 - re-read the book more fluently

Day 3 - re-read the book, using appropriate expression this time.

Day 4 - re-read the book working on comprehension; questioning and discussing events, characters, words used and if there are different words that have the same meaning.

Some weeks Robins will also read a decodable book in class as part of their ELS lessons. This book will be set on Oxford Owl and it is likely that they will read this very fluently to you the first time you hear it, having practised it several times in class. This is ideal, as the purpose of ELS is to build confidence, fluency & a love for reading. You can access Oxford Owl using your child's log in.

The children choose their own reading books at school so they may reselect books that they have already read by choice, which as you know is recommended and promotes that 'love' for reading..

SOUNDS & WORDS

All children have a daily phonics session. This is vital for their reading and writing skills. At Stebbing we follow the scheme 'Essential Letters & Sounds' (ELS).

In Year 1 we are required by the Government to do a Phonics Screening Check each Summer. For this, we practise using our phonics skills to read various words - some short, some long, some words we know and some new, unfamiliar words. Some unfamiliar words (to demonstrate the effectiveness of our phonics skills when seeing a new word) will be nonsense/alien words.

In the 2nd term (after the Christmas break), as well as Daily Phonics, Year 1 will begin daily Grammar sessions too.

These skills will support your child with their reading and writing. Promotion of this at home, alongside reading and spellings is very important and highly recommended.

Spelling Shed now demonstrates pronunciation of the phonics sounds in some games, but you can also get a quick one minute demonstration from YouTube by typing 'pronunciation of phonemes' and clicking on the video by allsaintsprimary, or by following this link

https://www.youtube.com/watch?v=BqhXUW_v-1s

SPELLINGS

YEAR 1 CHILDREN:

Spellings are taught in discrete phonics and spelling lessons at Stebbing and are followed up throughout the week in other lessons throughout the curriculum to embed specific spelling patterns in order to support the children with their spelling.

Spelling homework will be linked either to Phonics lessons that have occurred during that week, words with spelling patterns, such as plurals or suffixes or ELS 'harder to read and spell' words that we have been learning (those that have to be remembered by their appearance because they cannot be sounded out - formerly known as 'Tricky words', Sight words, High Frequency or Common Exception words).

The spellings will be given on the Friday morning.

Each child will need to complete the spelling

worksheet (Look, Cover, Write check) sent home but are welcome also to engage in Spelling Shed, which would have games related to the same spelling rule, linked to that week

MATHS

It is important that all children learn their number bonds to 10, 20, 50 and 100. Once the children are fluent in these skills they can begin to learn the 2, 5 & 10 times tables.

TIMES TABLES

We will be continuing to utilise TT Rockstars & Numbots this year as we have seen a marked improvement in the children's times tables knowledge and fluency which has had a very positive impact in maths lessons. There are also many fun games on MathShed (EdShed; same provider as Spelling Shed) which link to Year 1 maths and number bond fluency.

The National Curriculum states the following times tables end of year expectations:

Year 1

- Start to know the multiples of 2, 5 and 10.

Year 2

- Know and recall multiplication facts for 2, 5 and 10 times tables and the related division facts.

Year 3

- Know and recall multiplication facts for 2, 3, 4, 5, 8 and 10 times tables and the corresponding division facts.

Year 4

- Know and recall multiplication facts up to 12 x 12 and corresponding division facts.

Year 5

- Recall quickly multiplication facts up to 12 x 12 and use them to multiply pairs of multiples of 10 and 100.

Year 6

- Use knowledge of multiplication facts to derive quickly squares of numbers to 12 x 12 and the corresponding squares of multiples of 10.

PHYSICAL EDUCATION

PE will take place on a **Tuesday**, (and will be outside wherever possible), however, children are expected to have their PE kit in school at all times.

INDOOR PE KIT

School PE polo shirt
School PE shorts/skorts
(Trainers to walk to & from the hall)
Bare feet

OUTDOOR PE KIT

School PE polo shirt
School PE sports jumper
School PE shorts/skorts
Jogging bottoms (if required)
Trainers

Children are also required to wear appropriate sports wear for any sports club that they attend either before school, at lunch or after school.

We do not provide PE kit at school if your child has forgotten it.

Jewellery **must be removed**

Children will not be able to participate in PE lessons if they have no kit, or if their earrings are in; unless children are able to remove these themselves.

In Robins class, the children will experience our forest school area every **Wednesday afternoon** with Miss Honeybee to explore and to learn about Earth Science. For this reason, we ask that children come to school dressed, ready in their Forest School clothes. This must include long sleeves and trousers/leggings so that as much skin as possible is protected from nettles, ticks and brambles.

We also ask that a pair of wellington boots is kept in school and that suitable coats and waterproof clothing are brought in when the weather worsens. Wellies and waterproofs can be kept at school in a Bag for Life or Rucksack - please ensure all items are clearly labelled.

In the winter, children should wear plenty of layers and waterproof clothing. It does get very cold so hats, gloves, scarves & ear muffs are also popular choices.

In the summer, children still need to ensure that they wear full length trousers/leggings and a long sleeve top as well as bringing in appropriate footwear for the day if they do not wish to wear wellies. It is also sensible to continue bringing the waterproof clothing in, for those unexpected yet typical English summer days.

UNHOMework

'Unhomework' is an alternative approach to the setting of homework which was introduced a few years ago and has been developing within school ever since. The aim of 'unhomework' is that it enables children to be creative, imaginative, independent and make their own decisions about what they want to work on at home which fits nicely in with our Montessori ethos that runs through the school.

'Unhomework' suggestions:

- Posters, poems, plays, dances, stories, baking, presentations, construction projects, etc.

'Unhomework' Progression	
Wrens	In reception 'Unhomework' is known as Show and Tell. Children will be given a timetable at the beginning of the half term with some weekly themes to guide their Show and Tell for that week, Some will be simple themes that involve them bringing their favourite book or teddy to school and some will involve using a bit more imagination and creativity. It is important that your child brings their Show and Tell in every Friday to share with the class. <i>Show and Tell Theme Examples: 5 Things About Me, My Family, My Favourite Animal, If I was a Superhero I Would be..., When I Grow up...</i>
Robins	At the start of each half term children in Robins will be offered a small selection of project-based ideas, from which they choose one to complete. The children have complete freedom and ownership as to how they complete and present their 'unhomework', having as little or as much adult help as needed. The 'unhomeworks' will then be shared with the class, in an exhibition, within the last two weeks of each half term.
Kingfishers	Children are expected to select an activity from the challenge cards within the class every two weeks. It is up to the children how they present their unhomework. Unhomework will be shared every Friday so they can choose to complete it within the week or take two weeks. The challenge will be a sticker in their reading record books.
Woodpeckers	Children will have the choice of several different 'unhomework' titles which they will work their way through during the year. They will have two weeks to complete their 'unhomework' in any way they choose and share with the class at the end of the two weeks. This work is expected to reflect the time frame given. If the tasks are not completed, children will be expected to attend the homework club.
	Children will be given a title based on one of our current areas of learning and will have two weeks to complete a piece of unhomework

Kestrels	in any way they wish- on the computer, as a handwritten piece, a poster, model, poem, role play. This will be shared with the class fortnightly on a Friday. This work is expected to reflect the time frame given. If the tasks are not completed, children will be expected to attend the homework club.
Ospreys	Each child is required to complete a minimum of two pieces of 'unhomework' every half term and any 'unhomework' brought in will be shared during the week that it is due in. I will always set a week beginning date so that we can stagger sharing. If the tasks are not completed, children will be expected to attend homework club.
Owls	Children are required to complete at least two 'unhomework' tasks every half-term satisfying the criteria and headings set out at the start of the year by the children themselves. Their 'unhomework' will then be shared with the class and they will then self-assess and peer-assess their work within their 'unhomework' booklet. If the tasks are not completed in the time set, they will be carried over into the next half term. All 'unhomeworks' will be shared on a Monday or Friday afternoon.

CLASS DOJO

First and foremost, Class Dojo is a behaviour reward system whereby children are rewarded with a dojo to reinforce positive behaviour and our school values that have an impact on themselves, their class and the community. Children work throughout the year to work collaboratively to earn class Dojos. At the end of the half term, if the class has reached their agreed target of points they can then enjoy their class reward.

Class Dojo can also be used to share children's work. Each class has their own page on top of the whole school page where notices, photos, important messages and general information can be uploaded. Children also have their own pages (called 'Portfolios' on some devices) whereby they can select pieces of work they are particularly proud of to be uploaded and shared with their parents.

****Parents too can use this to share work done at home.****

In Robins this can be a very useful and comforting way for us to show you how your child has settled, to put your mind at ease; if they were a bit wobbly when they came to school that morning. It is still very common for children in Year 1 to experience separation anxiety, particularly after a school holiday, so try not to worry too much if this happens. It is rather normal and expected, and will gradually decrease during Year 1.

Please do not use the messaging function on the Class Dojo platform; the best way to get in contact with your child's teacher is to email them directly.

mrs.lonnen-smith@stebbingprimary.co.uk

****However if you are getting in contact to share photos of work that has been done at home please do use your child's Dojo portfolio page for this and upload it onto there. It won't show straight away as they have to be approved, but this is the preferred way for that sort of communication.****

The Class Dojo application can be downloaded from the Apple Store whilst also being available on android devices through the Play Store.

'STEPS' CHALLENGE

Children will be given a STEPS challenge booklet at the start of the year (replacements can be downloaded and printed from our website) where they will be tasked with completing a range of challenges to earn their STEPS badge at the end of the year. We would really appreciate your support in encouraging your child to undertake as many of the challenges as possible.
